Virginia's Community Development Block Grant program provides funding to eligible units of local government to support business district revitalization efforts to improve the economic and physical conditions within the community. Downtown revitalization requires significant local capacity and resources. Interested communities must demonstrate that business district revitalization is the highest community development need, explain why this is their highest need and provide detail on other community development efforts that have been completed.

Programs

[CDBG Competitive Grants](#)

Available to address physical and economic blight as part of an economic restructuring effort to revitalize a community.

[CDBG Planning Grants](#)

Support for developing clearly-articulated strategies for identifying and addressing their greatest community development needs.

[CDBG Innovation Fund](#)

In support of redevelopment or adaptive reuse of key properties in downtown communities as part of a larger revitalization strategy.
