Re: BEAD Letter of Intent

Dear DHCD Team:

On behalf of Lumos Telephone of Virginia LLC d/b/a Lumos (Virginia SCC Entity ID S0926305), I respectfully submit this letter of intent to be eligible to apply in the BEAD subgrantee selection process.

Lumos possesses the requisite financial and technical resources for expanding broadband infrastructure to unserved and underserved locations, as well as unserved community anchor institutions. Our operations are overseen by a well-qualified management team which has substantial telecommunications experience and technical expertise. Lumos has been in operation in Virginia for more than 120 years, with nearly twenty years of experience deploying fiber broadband infrastructure to more than 375,000 homes and businesses in Virginia, North Carolina, and South Carolina. In addition, we have successfully deployed fiber to unserved areas in partnership with DHCD and Botetourt County.

Please find attached a list of the counties and cities that we may apply to serve with broadband access under the BEAD program.

Please contact me at 910-973-4550 or derek.kelly@lumosfiber.com if you have questions.

Respectfully,

Derek Kelly
VP, Market Development

4100 Mendenhall Oaks Parkway Ste 300, High Point, NC 27265
