

VIRGINIA INITIATIVE FOR
**GROWTH &
OPPORTUNITY**
IN EACH REGION

PROGRAM DASHBOARD

Frequently Asked Questions

What kind of information can I find on the dashboard?

The dashboard offers regional and project data summaries, including GO Virginia investments, local match contributions, and project outcomes. Users can filter data by investment type, strategy, target industry, and award year. Additionally, users can view detailed project lists, funding amounts, and performance outcome statistics. Contact information for regional support organizations is also provided.

Does the dashboard include all GO Virginia projects?

No, the dashboard focuses exclusively on "closed" projects—those that have completed financial and performance reporting and are officially classified as closed by DHCD.

Is it possible to download the data presented on the dashboard?

Yes, users can download project outcome statistics and other relevant data in various formats directly from the dashboard for further analysis or reporting.

How can I use the dashboard to identify projects in specific industries?

The dashboard includes filters that allow users to focus on projects targeting specific industries. Simply select the desired target industry from the filter options to view relevant projects and data.

Who should I contact if I have questions or need assistance with the dashboard?

If you have questions or need assistance with the dashboard, please contact DHCD point of contact, via email at shara.gibson@dhcd.virginia.gov
