## VIRGINIA

December 2, 2024

Tamarah Holmes, Ph.D, Director  
Office of Broadband  
Department of Housing and Community Development  
600 East Main Street, Ste 300  
Richmond, VA 23219

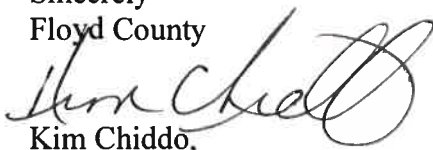

Dear Dr. Holmes:

We are writing to request a re-scoping of our VATI 2023 grant. Citizens has come in under budget on the current project due to unlocatable landowners, abandoned homes, and material costs below what was estimated. We would like to rescope the project and use the current funding to get to as many locations as possible with fiber. LECAP has helped many of our residents, but we still have many locations that have not gotten fiber yet that exceed the complimentary 500' drop. We have a long list (attached) of houses who need these services. Citizens will contact them to find out their interest and serve as many as we can with the remaining VATI funds and project time.

The technology is fiber to the premises as with the rest of the project. And the ISP is Citizens Telephone Cooperative.

Thank you very much for helping us with this update.

Sincerely  
Floyd County

Kim Chiddo,  
Deputy County Administrator

Attachment: Addresses that could POTENTIALLY be served by remaining VATI 2023 funds

## Attachment

### Addresses that could POTENTIALLY be served by remaining VATI 2023 funds, Pending interest of owner and the availability of sufficient grant funds

Citizens has come in under budget on the current project due to unlocatable landowners, abandoned homes, and material costs below what was estimated. We would like to rescope the project and use the current funding to get to as many locations as possible with fiber—whatever the remaining VATI grant funds and project timeline allow. LECAP has helped many of our residents, but we still have many locations that have not gotten fiber yet that exceed the complimentary 500' drop (see list below.)
