Dear Virginia Building Official,

The Virginia Department of Housing and Community Development is pleased to provide your locality with complimentary subscriptions to the ICC Digital Codes Premium Complete. This subscription provides access to over 700 of the latest codes and standards. A few of the many features of the premium complete:

- Access to Code Interpretations and Significant Code Changes
- Offline View (Mobile App Only) - Download up to 15 code titles
- View full change history and public comments
- Highlight, Annotate, Search, Copy, Paste, Print features
- And much more

As the building official you are being provided with a specific number of subscription coupons that you then will assign to your individual staff. The number of coupons provided to your locality is based on your response to a phone survey DHCD conducted earlier this year.

Attached are the download instructions and coupon codes you will need for distributing the subscriptions to your staff. To assist you in maximizing the subscriptions, DHCD and ICC will hold a number of short webinars to learn more about the features of the Premium Complete subscription, answer access or download questions, and talk about the role of the building official in managing the subscriptions assigned to the jurisdiction. More information about the webinars will come out from the VA Building Code Academy under separate cover.

We would also like to take this opportunity to remind you of the support available to you through DHCD in both the State Building Codes Office and the Jack A. Proctor Virginia Building Code Academy. We are here to assist with code opinions, appeals, certifications, training and other areas related to the Virginia Uniform Statewide Building Code. You can access a myriad of information on our website at www.dhcd.virginia.gov or you can call us at 804-371-7150.

On behalf of DHCD, thank you for all you do to create safe buildings for all who live, work, or visit Virginia!

Cindy Davis, Deputy Director
Department of Housing and Community Development
Division of Building & Fire Regulation
