Mr. Leatherby advised the Board that a consumer complaint had been submitted to the Board, via the Department of Housing and Community Development, that may require a hearing by the Board. It appears that a dealer has gone out of business, and had not paid the taxes on a home they had sold.

Report of the Secretary/Associate Director/Deputy Director Reports – The Deputy Director of the Division of Building and Fire Regulation, Cindy Davis, introduced DHCD staff present at the meeting. She announced that the 2015 edition of the Uniform Statewide Building Code was adopted September 4, 2018 and the Fire Prevention Code is expected to be adopted October 16, 2018.

The Director of the State Building Codes Office, Jeff Brown, reported that the State Building Codes Office has developed a training program which address the technical aspects and the regulatory requirements of the installation of manufactured homes. The program was presented in Wytheville earlier this year and plans are underway for additional presentations around the state.

Walter Cleaton introduced Mr. Randy Grumbine, Executive Director of the Virginia Manufactured & Modular Housing Association and Mr. Tyler Craddock, Executive Director of the Manufactured Housing Communities of Virginia.

The Board was also directed to Tab #5 of the Board package which showed a cash balance sheet of the Manufactured Housing Transaction Recovery Fund as of September 11, 2018.

Old Business – Mr. Leatherby directed the Board to Tab #6 of the Board package which showed a quarterly Debtor Balance Report from the Division of Debt Collection. This Division is attempting to recoup monies from a former manufactured home dealer who has failed to pay restitution in accordance with a final order issued by the Board. The Balance Report showed that to date, no monies have been recouped.

Mr. Leatherby directed the Board to Tab # 7 which showed the final orders from the Board previous meeting on August 24, 2017 in which the Board ruled against a dealer, ordering the dealer to reimburse a potential home buyer and also imposed a disciplinary fine. The former dealer has never responded to the Board's orders. However, Mr. Leatherby reported that as a result from a judgement from the Circuit Court of Spotsylvania County, the Manufactured Housing Transaction Recovery Fund has been receiving a monthly check for \$100, paid by the former dealer. Mr. Bridges asked why the \$100 checks were not reflected in the cash balance sheet in Tab #5? Subsequent to the October 1, 2018 meeting, the Department of Housing and Community Development's accounting office responded that the checks are reflected in the ending balance, but due to a clerical error had not been shown in the "Revenue" column.
