

The White House Opportunity and Revitalization Council

Completed Program Targeting Actions

The Opportunity Zone tax incentive is a powerful new tool meant to bring private capital to underserved communities. However, economically distressed communities require more than private capital alone. Many of these communities are in need of public-sector support and regulatory streamlining to ensure they develop the foundations necessary to support a thriving private sector. Public investment in economic development, entrepreneurship, education and workforce training, and safe neighborhoods — along with guidance for engaging with investors and entrepreneurs — will help communities unlock private capital to create sustainable growth. This public-sector investment serves as a means by which to attract and continue the flow of private capital-investment into Opportunity Zones.

Acknowledging this need, President Donald J. Trump signed Executive Order 13853 on December 12, 2018. This Order established the White House Opportunity and Revitalization Council to carry out the Administration’s plan to target, streamline, and coordinate Federal resources to be used in Opportunity Zones and other economically distressed communities. This public-sector commitment overlays the Opportunity Zone tax incentive in the Tax Cuts and Jobs Act. Together, private capital and public investment will stimulate economic opportunity, encourage entrepreneurship, expand educational opportunities, develop and rehabilitate quality housing stock, promote workforce development, and promote safety and prevent crime in economically distressed communities. State, local, and tribal leaders have an opportunity to leverage the work of the Council and to also conduct similar reviews of their own programs and regulations.

The White House Opportunity and Revitalization Council members have identified over one-hundred and sixty Federal programs where targeting, preference, or additional support could be granted to Opportunity Zones. The Council has already taken action on over 130 grants or programs:

Department of Commerce

Census Bureau – The Opportunity Project	The Opportunity Project is a process for engaging government, communities, and the technology industry to create digital tools that address our greatest challenges as a nation. This process helps to empower people with technology, make government data more accessible and user-friendly, and facilitate cross-sector collaboration to build new digital solutions with open data.	The Opportunity Project’s 2019 technology sprint on workforce designated Opportunity Zones as one its four focus areas. The workstream on “Catalyzing Investment in Opportunity Zones” will focus on creating digital tools and resources to connect investors with community leaders, entrepreneurs, and workers of America’s 8,764 Opportunity Zones.	2019 Sprint Dates: June 25 – September 27	Education and Workforce Development
Economic Development Administration –	The Economic Development Administration provides strategic investments through competitive grants	In 2019, EDA added Opportunity Zones as an Investment Priority. This		Economic Development

Economic Development Assistance Programs

that foster job creation and attract private investment to support development in economically distressed areas of the United States. Applications are accepted from communities to provide investments that support economic development through a wide variety of assistance types that include construction and non-construction programs.

Investment Priority will significantly increase the number of catalytic Opportunity Zone-related projects that EDA can fund to spur greater public investment in these areas.

Department of Education

Charter Schools Program Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality Charter Schools

These grants are intended to support charter schools that serve early childhood, elementary school, or secondary school students by providing grant funds to eligible applicants for the opening of new charter schools and for the replication and expansion of high-quality charter schools.

The Notice of Final Priorities, for Grants to Charter School Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-Quality published July 3, 2019. This notice finalizes a priority to encourage the opening of new charter schools and the replication and expansion of high-quality charter schools in Opportunity Zones, and to encourage charter school developers that

Education and Workforce Development

Child Care Access Means Parents in School Program

This grant program supports the participation of low-income parents in postsecondary education through the provision of campus-based child care services. Funds are used to support or establish campus-based child care programs primarily serving the needs of low-income students enrolled in IHEs. Grants may be used for before- and after-school services. In addition, grants may be used to serve the child care needs of the community served by the institution.

a purpose directly related to its proposed project.

Expanding Opportunity through Quality Charter Schools Program (CSP): Grants to Credit Enhancement for Charter School Facilities

The Credit Enhancement program provides grants to eligible entities to demonstrate innovative methods of helping charter schools to address the cost of acquiring, constructing, and renovating facilities by enhancing the availability of loans and bond financing.

The Notice Inviting Applications includes invitational priority for applicants proposing to target services in one or more qualified opportunity zones; or partner with one or more qualified opportunity funds.

Education and Workforce Development

Gaining Early Awareness and Readiness for Undergraduate Programs-State Grants (GEAR UP)

GEAR UP-State grants provide funding to States to provide early support and maintain a commitment to eligible low-income students, including students with disabilities, to assist the students in obtaining a secondary school diploma and preparing for and succeeding in postsecondary education. Grantees provide financial aid information for postsecondary education, encourage enrollment in rigorous and challenging coursework, and provide scholarships.

The Notice Inviting Applications includes a new invitational priority for spurring investment in Opportunity Zones. An applicant that addresses the priority must: (1) Propose to serve children or students in a Qualified Opportunity Zone; or (2) Demonstrate that it has received, or will receive, financial assistance from a Qualified Opportunity Fund for a purpose directly related to its proposed project.

Grant posted on 7/8/19; closing date on 8/7/19. Please see Notice Inviting Applications: <https://www.federalregister.gov/documents/2019/07/08/2019-14370/applications-for-new-awards-gaining-early-awareness-and-readiness-for-undergraduate-programs-state>

Education and Workforce Development

Teacher Quality Partnership Grant Program

These grants aim to increase student achievement by improving the quality of new prospective teachers by enhancing the preparation of prospective teachers and the professional development activities for current teachers; holding teacher preparation programs at institutions of higher education (IHEs) accountable for preparing talented, certified or licensed and effective teachers; and recruiting effective individuals, including minorities and individuals from other occupations, into the teaching force.

Experimental Sites Initiative (ESI)—Federal Work Study (FWS) Program

Under the ESI authority, the Department has invited FWS-participating institutions of higher education to participate in an experiment to test how changes to the FWS program will increase partnerships between institutions and industry, improve student retention and completion, reduce student debt levels, and yield strong post-graduation employment outcomes.

The Notice Inviting Institutions indicates that, if the Department needs to limit participation among applicant institutions, priority will be given to institutions that identify work-and-learn opportunities in qualified opportunity zones, among other factors.

Department of Health and Human Services

<p>Community Economic Development Focus on Social Enterprises</p>	<p>This program awards funds to experienced Community Development Corporations (CDCs) for well planned, financially viable, and innovative projects sponsoring social enterprise incubators. These incubators will develop new products, services, and commercial activities that result in new positions for individuals with low incomes, while also addressing a local unmet need or solution to social problems for the community's constituents and its stakeholders. Projects also address the personal and community barriers that must be overcome to help individuals with low incomes become self-sufficient. (e.g., transportation, childcare, education/training, language, etc.) Projects can use funds for costs associated with social enterprise start-up or expansion activities, as well as technical assistance and incubator services to these businesses. Projects must be located in geographic areas with a demonstrated need for social enterprise, such as a county designated as having persistent poverty.</p>	<p>Bonus points will be provided to projects located in designated Opportunity Zones.</p>	<p>HHS-2019-ACF-OCS-EE-1580 / Grant posted on 6/27/17; closing date 7/29/19; grant on Grants.gov</p>	<p>Economic Development</p>
--	---	---	--	-----------------------------

**Community
Economic
Development
Projects**

The program awards funding for well-planned, financially viable, and innovative projects to enhance job creation and business development for individuals with low income. CED grants will be made as part of a broader strategy to address objectives such as decreasing dependency on federal programs, chronic unemployment, and community deterioration in urban and rural areas. CED projects are expected to actively recruit individuals with low income to fill the positions created by CED-funded development activities, to assist those individuals to successfully hold those jobs and to ensure that the businesses and jobs created remain viable for at least one year after the end of the grant period. CED-funded projects can be non-construction or construction projects, however, short-term construction jobs associated with preparing for business startup or expansion are not counted when determining the number of jobs created under the CED program as they are designed to be temporary in nature.

Bonus points will be provided to projects located in designated Opportunity Zones.

practices, models, and victim-centered programs, or apply them in innovative ways, to build the capacity of victim service providers to close gaps in assisting all victims of sex and labor trafficking in the United States.

Improving Reentry for Adults with Co-occurring Substance Abuse and Mental Illness

The program awards funding to improve access to and delivery of services to offenders with co-occurring substance abuse and mental illness when they leave incarceration to reenter the community. The focus of the Program is to provide standardized screening and assessment; collaborative comprehensive case management; and pre- and post-release programming that address criminogenic risk and needs, including mental illness and substance abuse. The expectation is that jail or prison systems will develop or refine a standardized screening process for all people in the correctional facility. Further, community-based treatment providers must coordinate with corrections, correctional health, parole, and probation, as applicable, to develop collaborative comprehensive case plans to aid in the reentry process.

that causes another child to be highly upset and/or fearful. Applicants should propose comprehensive, evidence-based intervention strategies for serving both the child victim(s) and the youth with sexual behavior problems and their parents/caregivers.

Supporting Victims of Gang Violence

The program awards funding to support the efforts of communities to promote justice and healing for juvenile victims and their families as well as witnesses that have been affected by gang violence in their community. Under this initiative, organizations working closely with the criminal justice system will provide comprehensive victim assistance services to ensure that youth (and their families) impacted by gang violence are not further traumatized and have adequate supports to feel safe in their community. This may include emergency crisis response, referrals for services, post-trial notification, and liaison services during the legal process. In addition, similar services will be provided to youth witnesses of gang violence.

skill training for youthful gang members seeking to desist from gang activity.

**Youth Gang
Suppression
Implementation
Grants Program**

The program awards funding to support jurisdictions with an established gang presence to coordinate gang suppression efforts and activities by prosecutorial and law enforcement agencies. OJJDP has a long history of supporting community efforts to combat gang crime. Through OJJDP's Comprehensive Gang Model, communities can implement a comprehensive approach to gang crime and youth violence reduction. Suppression is a key component of OJJDP's Comprehensive Gang Model. Focused deterrence and suppression strategies can dissuade individuals and gangs from committing crimes. Such approaches highlight the punishments or legal recourse that will ensue in the commission of a crime and discourage the person or group from committing crimes in the future. These efforts, coupled with the other key components of the Comprehensive Gang Model, offer a holistic approach to support the efforts of law enforcement in combatting gang crime and promote public safety in communities. Eligible applicants will be required to implement OJJDP's Comprehensive Gang Model by working with the National Gang Center, and may

National Employer Policy, Research, and Technical Assistance Center on the Employment of People with Disabilities

This solicitation is a re-competition of an existing cooperative agreement. The work done under the new Center will build upon the prior work of ODEP's Employer Assistance and Resource Network on Disability Inclusion (EARN). The new Center, which will retain the name EARN, will continue to conduct research; engage with the business community; identify effective policies and practices that support business needs; and provide resources, technical assistance, and training to help public and private sector employers (including Federal contractors) recruit, hire, retain, and advance individuals with disabilities.

Lease Acquisition Circular	This Lease Acquisition Circular (LAC) issues revisions to the Leasing Desk Guide, which contains authorities, policies, technical and procedural guides, and administrative limitations governing the acquisition by lease of real property.	GSA issued revisions to the Leasing Desk Guide, Chapter 1, Requirements Development, to implement Executive Order 13853, establishing the White House Opportunity and Revitalization Council, to encourage public and private investment in urban and economically distressed areas, including opportunity zones.	Chapter 1 revisions issued on June 7, 2019 to the Leasing Desk Guide.	Economic Development
Site Acquisition Policy Letter	The Site Acquisition Policy Letter (SAPL) explains the requirements, processes and procedures for ensuring place-based directives are followed in Federal site selection.	Outlines GSA's policy for promoting efficiency, economic development, and sustainability in location planning decisions in support of Opportunity Zones.	Memorandum and Letter dated June 21, 2019 (SAPL-2019-01)	Economic Development

Small Business Administration

504 Loan Program (CDC)	This program fuels economic growth and job creation by providing small businesses with long-term, fixed-rate financing to acquire fixed assets (e.g., real estate, buildings, machinery).	On November 2, 2018 via Federal Register Notice, SBA designated Opportunity Zones as additional areas where our 504 Program’s job creation or retention requirements will be more relaxed, to incentivize lending by Certified Development Companies (CDCs) and Third-Party Lenders in these areas. Opposed to a requirement to create or preserve one job for every \$75,000 guaranteed by SBA, the requirement for specially-designated areas (which now includes Opportunity Zones) is now \$85,000 per job created or preserved if the project is in an Opportunity Zone.	Federal Register Document Number: 2018-24033; Posted on 11/2/18. https://www.federalregister.gov/documents/2018/11/02/2018-24033/development-company-loan-program-job-creation-and-retention-requirements-additional-areas-for-higher	Entrepreneurship
7(a) Loan Program	SBA’s flagship loan program provides small businesses with access to capital to finance a wide variety of business activities, including purchasing machinery, furniture, fixtures, supplies and materials, improvements to land and buildings, and working capital.	For FY2019, 7(a) loans in the amount of \$150,000 or less made to small businesses where the physical address of the operating concern is located in a rural area or a historically underutilized business zone (HUBZone), both of which overlap significantly with Opportunity Zones:		Entrepreneurship

(a) the annual service fee paid by lenders will be zero
 (b) the upfront guaranty fee typically paid by the small business applicant will be lowered significantly to 0.6667% (66.67 basis points) of the guaranteed portion of the loan.

Community Advantage Loan Pilot Program

The Community Advantage (CA) Pilot program is intended to expand small business access to capital in underserved markets by allowing mission-focused, community-based lenders to make 7(a) loans to small business with an SBA guarantee as high as 85% for loans up to \$250,000.

Effective October 1, 2018, SBA expanded the Pilot Program definition of “underserved markets” to include Opportunity Zones. CA lenders are required to make at least 60% of their CA loans in underserved markets.

Entrepreneurship

Growth Accelerator Fund Prizes

This prize competition, pursuant to the America COMPETES Act, recognizes the nation's most innovative accelerators and awards them cash prizes that they may use to fund their operations costs focused towards helping entrepreneurs apply for government R&D funding. SBA will award up to 60 prizes of \$50,000 each for a total of \$3 million in prizes.

Participants in this competition must target at least 60% of the Growth Accelerator's effort under the funding opportunity to entrepreneurs in one of four specified groups. One of the targeted groups is: "Entrepreneurs that live in an Opportunity Zone, or whose businesses are located in and operate out of an Opportunity Zone." The competition begins on June 10, 2019 and ends June 20, 2019.
